The APEX Mobility Product Range

The **APEX Mobility** team continually research new products and global innovation, which is why we can provide the very best assistive technology equipment available in the Australian market today. Before any products are added to the **APEX Mobility** range, they are tested and trialled to make sure they meet all functional and quality requirements, plus regulatory standards for safety.

We are pleased to showcase this dynamic range of quality specialised assistive technology products with you. This brochure features products that have been chosen to indicate a diverse range of products we have available. Most of these products are scripted/prescribed, which means they are customised to suit the specific needs of individual clients.

The APEX Mobility Dealer Network

Assistive Technology users are able to work with their local rehabilitation store, supported by local ATP's, and tap into the range from APEX Mobility.

There are over 85 APEX Mobility dealers across Australia and New Zealand, so equipment users are never far from a team that is backed by APEX Mobility, providing that perfect mix of local support, with inventory and advice coming from APEX Mobility.

With distribution centres in Sydney, Melbourne, Brisbane and New Zealand. Our hubs carry extensive inventory, shipping daily to the dealer network across all states of both Australia and New Zealand. Over 80% of orders are shipped within 48 hours of being placed.

Product Demonstrations & Trials

APEX Mobility have select demo units available. Please contact us for availability. Dealers are offered subsidised pricing for equipment held for showroom display and trial use only. Contact your authorised Dealer for more information.
