Assistive Technology Equipment Range

APEX
MOBILITY

The APEX Mobility Product Range

The **APEX Mobility** team continually research new products and global innovation, which is why we can provide the very best assistive technology equipment available in the Australian market today. Before any products are added to the **APEX Mobility** range, they are tested and trialled to make sure they meet all functional and quality requirements, plus regulatory standards for safety.

We are pleased to showcase this dynamic range of quality specialised assistive technology products with you. This brochure features products that have been chosen to indicate a diverse range of products we have available. Most of these products are scripted/prescribed, which means they are customised to suit the specific needs of individual clients.

✉ sales@apexmobility.com.au

The seven pillars of exceptional support through APEX Mobility:

1. Focus on scripted Assistive Technology
2. Australia's leading supplier of scripted mobility devices for long-term users
3. Incredible range, from all 4 corners of the globe
4. Massive stock holdings here in Australia = reduced wait times
5. Guides and order forms customised to suit the AU/NZ market
6. Continual R&D to bring the latest innovation from around the world to this market
7. Backed by a combined 150+ years of industry experience

Swing-away laterals make transfers in and out of the HTS smoother and quicker.

The **new soft seat pad**, designed with gentle contours, dramatically improves client comfort and support. (available for large only)

Hip guides with thicker pads provide better positioning for users with tall, slender build.

The **dynamic deflector** is a more effective solution to ensure hygiene, simultaneously providing leg abduction. (available for medium and large only)

The APEX Mobility Dealer Network

Assistive Technology users are able to work with their local rehabilitation store, supported by local ATP's, and tap into the range from APEX Mobility.

There are over 85 APEX Mobility dealers across Australia and New Zealand, so equipment users are never far from a team that is backed by APEX Mobility, providing that perfect mix of local support, with inventory and advice coming from APEX Mobility.

With distribution centres in Sydney, Melbourne, Brisbane, Perth and New Zealand. Our hubs carry extensive inventory, shipping daily to the dealer network across all states of both Australia and New Zealand. Over 80% of orders are shipped within 48 hours of being placed.
